MODULE 1

The hazard: what lands on the ground does not stay there

What can leave the site	→	Where it goes
Fuel and oil	→	Storm drains and ditches
Paint, solvent and form oil	→	Creeks and rivers
Concrete washout	→	Dumpsters that blow open
Trash and loose debris	→	Off site on tires and wind

Crew handout

Environmental awareness: contain it, cover it, clean it up

29 CFR 1926.21, 1926.25, 1926.252, 1926.152, 1910.1200

Do

- Use the waste, trash and recycling containers provided
- Keep hazardous waste containers covered
- Keep oily rags and solvent waste in fire resistant covered containers
- Keep flammable liquids in closed containers when not in use
- Shut off equipment motors before fueling
- Handle spills promptly and tell your supervisor
- Wash out only in the washout area
- Check the SDS and the site plan

Don't

- Do not leave dumpster lids open before rain
- Do not rinse tools or trucks near a storm drain
- Do not smoke or use flames in the fueling area
- Do not burn waste without following local fire regulations
- Do not hose a spill into a drain or the ground

SAMPLE

Remember **Only rain goes down a storm drain.**
