MODULE 1

# The hazard: a short week and a long weekend

| | | |
|---|---|---|
| **Risks before the break** | → | Risks during and after |
| **Hurrying to finish before the holiday** | → | Late summer heat that is still strong |
| **Skipping steps and taking shortcuts** | → | Crowded roads and long drives |
| **Hiding small injuries so you do not slow the crew** | → | Cookouts, grills and alcohol |
| **Tired workers at the end of a long week** | → | Coming back to a site that changed while you were gone |

Crew handout

# Labor Day: honor the work by working safely

29 CFR 1926.21, 1926.20, 1910.37, 1926.51, 1904.35, 1910.38

## Do

- Plan the last shift so nobody has to rush
- Drink water often and rest in the shade
- Keep exit routes clear of decorations, coolers and deliveries
- Secure tools and materials before you leave
- Tag damaged equipment and report it
- Report injuries and close calls, even small ones
- Rest before you drive, buckle up and plan a sober ride
- Walk the site on the first day back

## Don't

- Do not rush a task to finish before the break
- Do not hide a small injury
- Do not drive after drinking
- Do not leave a grill unattended
- Do not start work after the break without checking the site

SAMPLE

**Remember**

**The best way to honor the crew is to make sure everyone comes back.**
